MICHELLE POLER

Author; International Speaker; Influencer

When Michelle Poler started a project to overcome her own personal fears, she didn't expect to go viral – 100 Days Without Fear caught the attention of the Today Show, Forbes, CBS and Huffington Post. Today, Poler has founded Hello Fears, a social movement reaching more than 70 Million people worldwide. She has also authored Hello Fears: Crush Your Comfort Zone and Become Who You're Meant TO Be.

PERSONAL REFLECTION

"We all have comfort zones; we live there most of the time! You can say that you're comfortable but can you say you're genuinely happy?"

Think about the statement above and rate yourself on the scales below.

1 2 3 4 5 6 7 8 9 10
I am comfortable I am facing my fears

1 2 3 4 5 6 7 8 9 10
I am checking the boxes for other people I am checking off my own list

1 2 3 4 5 6 7 8 9 10
I am living I am living my life to the full

What would you say are your biggest fears?

Write down (or choose from the list below) one idea that could help you address your comfort zone and move closer to facing your fears, checking off your own lists and living your life to the full.

- Try something new or different
- Think about what I really want and tell a close friend / family member
- Challenge myself to face a fear

MICHELLE POLER

“We are called to live authentic lives. Our job is not to shape ourselves to who we think we ought to be but to become who we truly are.”

DISCUSSION

“What if we chose to see the best that can happen in our lives, instead of looking for the worst? What if instead of seeing fear as an obstacle, we saw it as an opportunity?”

Read the statement above. What do you think would happen to a person if they always chose to believe the best and see fear as an opportunity, instead of an obstacle?

Do you think the world would look different?

The enemy of success is not failure, it's comfort. It keeps us from innovating.

NEXT STEPS

What is the best that can happen?

We challenge you this week to face one fear! Write your fear below and the way you're going to face it:

My Fear: _____

I will face it by: _____

Do you think your community is intentional about fostering a culture of creativity?

1 2 3 4 5 6 7 8 9 10
No not really Yes totally!

As a young person, how could you be more intentional to add creativity into your life?

NEXT STEPS

DAVE & HAYLEY SAXBY

Author, Advocate and CEO of an international Not-For-Profit Anti Human Trafficking organization.

Australian couple, Dave & Hayley Saxby, have been involved in combating the exploitation of young women for over a decade. With backgrounds in education, psychology and international development, together they have lived and worked with anti-trafficking projects throughout Southeast Asia. They're passionate about empowering survivors with holistic support that allows them to build new lives.

PERSONAL REFLECTION

“Human trafficking is an embarrassment to the human race, are we not better than this?”

Development is an artform. It's rarely a 'hero story' where one person swoops in and makes everything right. It is a rich and complex story of people walking alongside each other, sharing life and overcoming life's challenges together.

That's why it's an artform, because people are messy. All of us!

When you hear about human trafficking (people being sold as slaves), how does that make you feel? (Tick as many boxes that connect with your view.)

- I don't care right now; I've got my own stuff going on.
- Not sure, I haven't thought about it until now.
- It breaks my heart; I wish I knew what to do!
- This scares me. The problem is too big for me to deal with.
- I'm so angry! How could people treat each other this way?
- Overwhelmed, there's too many bad things happening in the world.
- I can see it's bad, but it's not my problem.
- Let me help! I want to make a difference now.
- Is it really that big of a deal?

“Some things in life are more important than our fears.”

We're all messy and fear can get in the way. Fear keeps us silent when we could speak up. It can cause us to shrink back when we should take action.

To move from a place of fear and inaction to action, even with a big issue like Human Trafficking, curiosity is key!

DAVE & HAYLEY SAXBY

DISCUSSION

“We let curiosity become action. We started learning more, reading books, talking to people, and researching organizations.”

To change the future, we must work on bettering ourselves and each other in the present. By walking alongside, each other, sharing life and overcoming life's challenges together.

Human Trafficking is not 'over there' - It's Everywhere! We need to change our hearts to change the world.

Discuss in your small group what these three elements could look like in your everyday life.

1. Walking alongside someone.
2. Sharing your life with others.
3. Overcoming challenges together.

Talk about what ways you could let curiosity become action to take a step towards making a difference in the area of modern-day slavery / human trafficking.

NEXT STEPS

“I really believe that true leadership longs to see people shine!”

ACT! Choose one way to stir your curiosity and do it. Your challenge this week is to become curious and discover more.

MEET ANNET

from Uganda

GLOBAL FOOD PRICES

An update from Uganda

Since COVID-19, food prices in Uganda have risen an average of 21%. At the same time, the pandemic has caused the loss of livelihoods and income.

According to World Vision research, a food basket of ten common food items costs only one hour of work in Australia and 3.5 days' work in Uganda.*

Annet's family hasn't eaten in nearly 24 hours. She and her husband James spend most days wondering where their next meal will come from – and when it will be.

The family of 10 ate a small amount the day before. They mostly depend on the neighbours to survive. Sometimes they give it to them, sometimes they don't. They realise they cannot depend on neighbours the whole time. About a week ago, they spent four days without eating.

Annet's husband who used to do manual labour to earn an income, now has difficulty finding a job. Before the COVID-19 pandemic, there was a demand for farm labour, which would earn him up to \$3.80 a day, enough to buy food for a few days.

FOOD AFFORDABILITY

World Vision compared the cost of a food basket of 10 items in 31 countries

According to World Vision research, a food basket of ten common food items costs*

1 hour	of work in Australia	2 days'	work in Lebanon	6 days'	work in Chad
1 day's	work in Cambodia	3 days'	work in the Solomon Islands	6 days'	work in the Democratic Republic of the Congo
1.5 days'	work in Kenya	3.5 days'	work in Uganda	8 days'	work in South Sudan

*The 10 common food items included sweet bananas, rice, wheat flour, raw sugar, corn cobs, cooking oil, a raw chicken, tomatoes and milk.

MAKE A DIFFERENCE IN THE LIFE OF ANNET'S FAMILY AND THEIR FUTURE

World Vision offers a variety of ways that could assist Annet and her family.

As a group choose one that you think best serves the needs of this family. Justify why your group believes it is the best option.

Cash and voucher assistance to access local produce and boost the local market economy

Emergency food assistance to address the immediate hunger in families

Setting up kitchen gardens to reduce the cost of food and increase diversity of nutritious food within a community

School feeding program, where every student is educated on nutrition and goes home with a portion of maize flour, beans and salt for the family.

Access to finance through savings and loans groups, enabling members to provide better nutrition and other essentials for their children.

Restore degraded landscapes through Farmer Managed Natural Regeneration to increase food production and resilience to extreme climate conditions such as drought and flood.

PERSONAL REFLECTION

"Your calling is way bigger than any job, title or role. Your calling is not defined by your career. You never retire from your calling. Everybody has a calling, and it is unique to you! It's about your personality, your character, your beliefs and values."

What are some things in your life that you know you take good care of and already steward well?

**Are there areas where you know you could grow in your stewardship?
Below are a few ideas to get you thinking:**

- Your time
- Money
- Friendships
- Taking care of your belongings
- What you feed yourself / put into your body
- What you say to yourself (in your mind)

SARAH MCCUTCHEON

“Life is not a tightrope, it’s a path to discovery. Each step, is a step towards who we are, ways to build our character and opportunities we can steward well to build the life we dream of living.”

You character is formed and revealed through the decisions we make each day. What ways could you intentionally build your character, so when opportunity comes your way, you’re ready to receive it?

For example: I will always choose to tell the truth, even if the consequence is hard to handle.

NEXT STEPS

“Your calling lives within you and you’re already participating in it. Take every day and steward it well. Make life an adventure!”
